A Public Agency

COREC  
**CalOptima**  
Better. Together.

## How will COREC help Orange County?

- Help build and strengthen our county's healthcare infrastructure
- Bring additional resources to support local providers
- Improved patient care experience through enhanced practice efficiency
- Provide funding to offset implementation costs
- Improve ability of physicians to receive stimulus funds in the near future and avoid payment reductions from Medicare
- Increase quality of patient care through accessibility of patient information
- Preparation for Health Care Reform
